
CPE Information

Attendees of the CERIAS Security Seminars may qualify for continuing professional education credits (CPEs). Credits may be earned by attending in person or via video recording.

All attendees are responsible for submitting their own credits to the appropriate organizations.

When submitting your credits, please ensure that you list **Purdue University CERIAS Security Seminar** as the event organizer.

Specifics for (ISC)² Submission:

- One CPE credit = one hour | One session = one credit hour.
- The CERIAS Security Seminar qualifies as a Group “A” CPE activity. Group “A” credits are given for completion of activities which relate directly to the information systems security profession.
- Credit breakdown:
 - Each CERIAS Security Seminar lecture viewed in person or viewed via recording is eligible for 1 credit.

Speakers / Presenters / Trainers can earn additional CPEs for preparing courseware, lectures, or training materials. Please contact (ISC)² directly for more information on how to add these credits. Visit the (ISC)² website to locate a certification and education office near you. Visit <http://www.isc2.org>.

Specifics for ISACA Submission

- One CPE credit is earned for each 50 minutes; calculate total minutes and then divide by 50; final total should be rounded down.
- The CERIAS Security Seminar qualifies as a non-ISACA professional education activity/meeting.
- Credit breakdown:
 - Each CERIAS Security Seminar lecture viewed in person or viewed via recording is eligible for 1 credit.

Speakers / Presenters / Trainers should contact ISACA directly for additional information on how to earn additional CPEs for preparing courseware, lectures, or training materials. Visit the ISACA website at <http://www.iscsa.org>.
